New Zealand Doctors Speaking Out with Science (NZDSOS)
nzdsos@protonmail.com

Response to email

Dear NZ Doctors Group

Thank you for your email of 14 June 2021 directing us to your Open Letter regarding the safety of COVID-19 vaccines. The views expressed in the correspondence received have been noted.

The Comirnaty vaccine manufactured by Pfizer has consent to be distributed in New Zealand. Further information about the approval, the approval process, safety monitoring (including an overview of vaccine reports), and other therapies is provided on the Medsafe website here: <https://www.medsafe.govt.nz/COVID-19/vaccine-approval.asp>

Finally, I would like to reiterate the offer made by Dr Ian Town to discuss with your group the concerns outlined in your correspondence.

Yours sincerely

Chris James
Group Manager
