Jacinda Ardern, PM..... [Jacinda.Ardern@parliament.govt.nz](mailto:Jacinda.Ardern@parliament.govt.nz)  
Ashley Bloomfield, Director General of Health ..... [Ashley.Bloomfield@health.govt.nz](mailto:Ashley.Bloomfield@health.govt.nz)  
Chris James, Medsafe Group Manager ..... [Chris.James@health.govt.nz](mailto:Chris.James@health.govt.nz)  
General Inquiries Medsafe ..... [askmedsafe@moh.govt.nz](mailto:askmedsafe@moh.govt.nz)

### Text

We request that the government take immediate action to get Ivermectin approved for the treatment of Covid-19 in New Zealand. Since the government has shown that it can quickly amend regulations and laws as needed, it should be easy for the government to sponsor Ivermectin for the treatment of Covid-19 and obtain rapid approval by Medsafe for the Covid-19 indication. Ivermectin is readily available worldwide and very cost effective.

Ivermectin has been proven safe and very effective for the treatment of COVID-19. Published research is widely available. We draw your attention to:

- A recently published paper in the American Journal of Therapeutics: Ivermectin for Prevention and Treatment of COVID-19 Infection: A Systematic Review, Meta-analysis, and Trial Sequential Analysis to Inform Clinical Guidelines  
<https://pubmed.ncbi.nlm.nih.gov/34145166/>
- websites which have up to date information, including
  - <https://covid19criticalcare.com/ivermectin-in-covid-19/>
  - <https://bird-group.org/>

Sincerely
