Central Wellington 6011

Email: mcnz@mcnz.org.nz

Dear Dr Clark,

We refer to our letter of 7 September 2026 and your automated reply also dated 7 September 2026 noting we would receive a reply within 15 working days. It is now over 30 working days later and we have not had a substantive response. In addition, Dr Shelton's HPDT hearing has been completed.

The essence of our correspondence on 7 September 2026 was:

"Please confirm when you think it would be acceptable to talk together about serious safety concerns for the NZ public."

Please can you advise when and where it will be possible to meet with you in person.

Yours sincerely,

Dr Alison Goodwin and Dr Matthew Shelton
On behalf of NZDSOS members
